Portfolio: <https://ninadkadam-tech.vercel.app/>

Senior Software Developer with 8 years of experience building scalable, high-performance web applications across Banking, Healthcare, Finance, and Enterprise domains. Strong expertise in HTML5, CSS3, JavaScript (ES6+), React.js, Node.js, Express.js, MongoDB, RESTful APIs, API-driven architecture, and responsive web application development.

Experienced in designing responsive, component-based UI systems and developing clean, maintainable, and production-ready code. Proven track record of mentoring junior developers, contributing to architectural decisions, and delivering stable releases with minimal escalations. Passionate about creating intuitive user experiences and engineering robust, scalable front-end solutions.

Professional Highlights

- ✓ Nearly 8 years of experience in Frontend and Web Application Development
Expertise in HTML5, CSS3, JavaScript (ES6+), React.js, and SCSS
- ✓ Experience in Banking, Healthcare, Finance, and Construction domains
- ✓ Strong knowledge of REST API integration
- ✓ Team mentoring and code review experience
- ✓ Hands-on experience with Node.js and MongoDB

Technical Skills

- ✓ **Frontend:** HTML5, CSS3, JavaScript (ES6+), React.js, Bootstrap, SASS/SCSS, jQuery
- ✓ **Backend:** Node.js, Express.js, MongoDB, RESTful APIs, AJAX, JSON
- ✓ **Tools:** Git, GitHub, Chrome DevTools, Postman
- ✓ **Other:** Responsive Design, Cross-Browser Compatibility, Performance Optimization, API Integration, Code Review, Mentoring, Agile Development

Professional Experience

Senior Software Developer

Idealake Information Technologies Pvt Ltd | June 2024 – Present

- ✓ Lead end-to-end frontend development for enterprise-grade web applications.
- ✓ Contribute to system architecture discussions and scalable UI design decisions.
- ✓ Mentor junior developers and enforce clean coding standards and best practices.
- ✓ Conduct code reviews and reduce production defects through structured testing.
- ✓ Resolve complex technical issues to ensure system stability and performance.
- ✓ Collaborate cross-functionally with backend, QA, and design teams to deliver optimized solutions.

Web Developer

DocMode Health Technologies Ltd | July 2021 – May 2024

- ✓ Developed responsive healthcare web applications serving large user bases.
- ✓ Integrated REST APIs using AJAX/JSON for seamless frontend-backend communication.
- ✓ Built scalable UI modules improving maintainability and performance.
- ✓ Optimized front-end rendering and reduced UI inconsistencies across devices.
- ✓ Participated in full lifecycle development including design, development, testing, and deployment.
- ✓ Ensured applications were bug-free and performance-optimized before release.

Front-End Developer

AnalyticsFox Softwares Pvt Ltd | February 2018 – January 2021

- ✓ Built responsive and user-friendly web applications for finance and construction domains.
- ✓ Translated UI/UX designs into high-quality production-ready code.
- ✓ Collaborated with cross-functional teams during all phases of development.
- ✓ Identified and resolved bugs before deployment, ensuring application stability.
- ✓ Maintained structured Git workflows and version control best practices.

Key Projects

Axis Bank Revamp – Enterprise Banking Platform (2024–Present)

- ✓ Developed and maintained 100+ responsive pages for Axis Bank's revamped digital platform.
- ✓ Built reusable UI components reducing development effort and improving maintainability.
- ✓ Optimized website performance and ensured cross-browser compatibility.
- ✓ Collaborated with QA and backend teams to deliver enhancements and production releases.
- ✓ Followed best practices for code quality, accessibility, and responsive design.

DocMode AIDE – Medical AI Application (2023–2024)

- ✓ Developed responsive AI-powered healthcare dashboards.
- ✓ Integrated backend APIs for real-time medical insights.
- ✓ Improved UI structure and maintainability using modular CSS and reusable components.
- ✓ Ensured cross-device compatibility and optimized performance.

DocMode SURE – Healthcare Practice Platform (2023)

- ✓ Built interactive web modules for healthcare professionals.
- ✓ Implemented dynamic content rendering and API-based workflows.

DocMode – Corporate Website (2023)

- ✓ Developed optimized marketing website with improved performance and responsiveness.

iNutriMon – Nutrition Platform (2021–2022)

- ✓ Created scalable front-end architecture and API integrations.

eKosh – Financial Web Application (2020–2021)

- ✓ Developed responsive UI and handled API integrations for financial data.

SkillSignal – Construction Industry Platform (2018–2020)

- ✓ Built enterprise web application features with secure authentication workflows.

Key Achievements

- ✓ Reduced UI-related bugs through structured code review and testing practices.
- ✓ Mentored 3+ junior developers, improving code quality and team productivity.
- ✓ Successfully delivered multiple production releases with minimal client escalations.
- ✓ Improved page performance and responsiveness across multiple enterprise applications.

Education

Bachelor of Commerce

Kalinga University, Raipur | 2016

Advanced Diploma in Web, Graphic & Broadcast Design

National Institute of Computer Arts, Mumbai | 2018
